

Nokia Bluetooth Headset BH-216

Data Sheet

Product Overview

- Nokia Bluetooth Headset BH-216 is a comfortable and easy to use headset enabling hands free calls even in noisy environments. The curve-shaped form and selection of different sized ear pads for best fit makes this headset a pleasure to wear. The headset is available in two colors: Midnight blue and Pearly white.

Key Selling Points

- Curve-shaped form factor and new kinds of earpads with three sizes to select from for excellent ergonomics
- Enables hands free calls on the go in noisy environments thanks to Digital Signal Processing (DSP) for noise and echo cancellation
- Easy to put on and to use with one hand only – provides up to 6 hours of talk time before recharging

Key Features

- New kinds of earpads for comfortable conversation on the move
- DSP with Automatic Echo Cancellation (AEC) and Noise Reduction (NR)
- Battery status indication via LED indicators and audio
- Answer/end, voice dialing, redialing, Audio transfer
- Volume control button: Volume up/down, Mute
- Power on/off
